

Q&A Document Navigation Chips RFQ1123551

Q: Hello, can you tell me which chartplotters you use?

A: Furuno

Q: Do you have a list of system ID numbers from each Furuno NavNet3D chartplotter? The system ID number is required in order to generate new unlock codes for charts. I will need to know the system ID number of each chartplotter to fulfill this order request. Please let me know if you have this information.

A: See attached PDF.

Q: Can you please clarify the request. I believe it should read as below.

001 NA-M033 (New Purchase) Qty 30

002 ME-M204 (New Purchase) Qty 18

003 ME-M204 (Updates) Qty 12

004 NA-M033 (New Purchase) Qty 37

005 to NA-M033 (Updates) Qty 6

006 ME-M204 (Updates) Qty 43

Please advise

A: Changes made in the buy CLIN

Q: We can give you quote on first three items. This is very messy since we need unique ID for the chart plotter used on each chart. This number, called System ID starts with SID and is required to place a Purchase order.

1 NA-M033 (New Unlock) NavNet 3D System chart: Atlantic Coast, Gulf of Mexico and Caribbean (Latest Version)Pricing to include all shipping/freight charges. 30 EA

2 ME-M204 (New Unlock) NavNet 3D System chart: Red Sea to the Gulf and Seychelles (Latest Version)Pricing to include all shipping/freight charges. 18 EA
