

# Distributed Antennae System Repair

## PART 1

### GENERAL INFORMATION

1. **GENERAL:** This is a non-personal service contract under which the personnel rendering the services are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees. The United States (U.S.) Government shall not exercise supervision or control over the Contractor's employees performing the tasks herein. Such contract employees shall be accountable solely to the Contractor who, in turn shall be responsible to the U.S. Government.

1.1 Description of Services/Introduction: The contractor shall provide all personnel, equipment, supplies, tools, materials, supervision, and other items and technical services necessary to perform a Distributed Antenna System (DAS) replacement or repair to improve cellular phone service in Weed Army Community Hospital (WACH) building 390 as defined in this PWS.

1.2 Background: The original DAS system is non-functional and requires replacement or repair in accordance with a 2021 assessment.

1.3 Objectives: The objective of this contract is to improve cellular phone service in Building 390 for AT&T and Verizon.

1.4 Scope: Contractor shall provide technical services to replace or repair the DAS components, to include cabling and connectors.

#### 1.6 General Information:

##### 1.6.1 Quality Control Plan (QCP):

1.6.1.1 The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The QCP shall be submitted prior to contract award. After acceptance of the QCP, the contractor shall receive the contracting officer's (KO) acceptance in writing of proposed changes to the QC procedures. The contractor shall submit QCP changes within five (5) days to the KO and Contracting Officer's Representative (COR) for review and approval prior to implementation.

##### 1.6.1.2 The Quality Control Plan shall address as a minimum:

1.6.1.2.1 Inspection Program. Included shall be a quality control inspection program covering all general and specific tasks included in the contract scope of work. It shall specify tasks or areas to be inspected on a scheduled or unscheduled basis, the manner in which inspections are to be conducted, the titles of the individuals who will perform the inspections, and the percentage of the work that will be inspected on a recurring basis. In developing this inspection program, the Contractor shall focus on signal strength and provide for methods for evaluation of this selected characteristic.

1.6.1.2.2 Deficiency Identification. The QCP shall include a method of identifying deficiencies in the quality of services performed before the level of performance becomes unacceptable as defined in the PWS. This shall contain processes for corrective action without dependence upon Government direction.

1.6.1.2.3 Deficiency Correction. The program shall contain process control and process performance measurement procedures that shall include how the Contractor shall implement preventive corrective actions. The Contractor shall demonstrate that it has designed quality into the delivery of DAS repair thereby mitigating the risk(s) associated with delivery of deficient or nonconforming DAS services.

1.6.1.2.4 Documentation and Enforcement. The QCP shall include a method of documenting and enforcing quality control operations of their technicians, including inspection and testing.

1.6.1.2.5 Trend Analysis. Not applicable

1.6.1.2.6 Surveillance Methods. The QCP shall contain specific surveillance techniques for all contract services. The surveillance methods shall be comprehensive and include all main areas that need cell signal enhancement.

1.6.2 Operations Security (OPSEC) SOP/Plan Requirements: The Contractor shall obtain visitor badges and be given basic access cards through the security department, and then they will be escorted by Information Management Division (IMD) staff to areas that need to be serviced.

1.6.2 Quality Assurance (QA): The government shall evaluate the contractor's performance under this contract in accordance with (IAW) the Quality Assurance Surveillance Plan. This plan is primarily focused on what the Government must do to ensure that the contractor has performed IAW the performance standards and contract quality requirements are met. Contract quality requirements means the technical requirements in the contract relating to the quality of the product or service and those contract clauses prescribing inspection, and other quality controls incumbent on the contractor, to ensure the product or service conforms to the contractual requirements. It defines how the performance standards will be applied, the frequency of surveillance, the performance threshold, and deductions, if applicable.

1.6.3 Recognized Holidays: The contractor will not work on weekends or holidays.

New Year's Day	Labor Day
Martin Luther King Jr.'s Birthday	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day
Juneteenth	

1.6.4 Hours of Operation: The contractor is responsible for conducting business between the hours of 0730-1700 Monday through Friday, except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. The Contractor must, at all times, maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons.

1.6.5 Place of Performance: The work to be performed under this contract will be performed at Building 390, North Loop Road, FT. Irwin, CA 92310

1.6.6 Type of Contract: This will be a firm fixed type contract.

1.6.7 Access and General Protection Policy and Procedures:

1.6.7.1 FPCON: In addition to the changes otherwise authorized by the changes of clause of contract, should the US Government Force Protection Condition (FPCON) at any individual installation change, the Government may require changes in contractor security matters or process in accordance with DoDI 2000.16. During FPCONs Charlie and Delta, only contract services that have been deemed "mission essential" by the Government will continue. Contract services will resume when the FPCON is reduced to Bravo or lower.

1.6.7.1.1 HPCON: The contractor shall be responsible for adhering to the installation's Health Protection Condition (HPCON) guidance regarding the COVID-19 precautionary measures.

1.6.7.2 Physical Security: The contractor shall be responsible for safeguarding all government equipment, information, and property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured IAW Army Regulation (AR) 190-13, The Army Physical Security Program.

1.6.7.3 Escorts: The Contractor will obtain basic access cards but will require escorts for their work done in WACH.

1.6.7.4 Personnel Security Clearance Requirements: Contractor personnel performing work under this contract must have a real ID that will let them have access to FT Irwin. All contractors and associated sub-contractor employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative).

1.6.7.4.1 : The contractor shall follow DOD Federal Acquisition Regulation Supplement (DFARS) clause 252.223-7004, Drug-free Work Force.

1.6.7.5 Background Checks Site security shall be in accordance with the primary contract and/or as defined/instructed by the Contracting Officer. All personnel working inside of WACH proper will be required to obtain a WACH Hospital Badge. WACH IMD will coordinate with the contractor to ensure all personnel are properly badged. Any contractor or subcontractors that are found without proper badging will be required to obtain badging or be removed from the jobsite. All contractors and associated sub-contractor employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative). The contractor shall also provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes.

1.6.7.5.1 Background Check Notification Requirements: If a background check on any employee or subcontractor employee performing services under this contract, whether the check was conducted as a condition of employment or as part of the contract with the Government, reveals any information from any source (including host country law enforcement) of criminal activity by Contractor employees, subcontractors, or subcontractor employees, the Contractor shall immediately notify the KO and COR of that information. The Contractor shall make notification of:

(1) Traffic violations, other than parking, will be reported to the KO or COR only if the contract is for drivers for the Government.

(2) Any suspicious activity by Contractor employees, subcontractors, or subcontractor employees the Contractor believes may pose a risk to U.S. or host nation national security or imminent risk of deadly bodily harm to any person; and

(3) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this requirement.

1.6.7.5.2 Remedies. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of this paragraph may result in requiring the Contractor to remove a Contractor employee or employees from the performance of the contract.

1.6.7.5.3 Subcontracts. Not required

1.6.7.6 Uncleared Contractor Common Access Card (CAC) Credentialing and Access Procedures: Not required.

1.6.7.6.1 Contractor Common Access Card (CAC) Eligible Requirements: Not required.

1.6.7.6.1.1 Federal Installation/Facility Access : Contractor and all associated sub-contractor employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative). The employee performing services under this contract shall also provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services, Security Office or the host nation equivalent.

1.6.7.6.2. Contractor Non CAC Eligible Requirements for DOD Facility and Installation Access: Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (TSDB) (Army Directive 2014-05/AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative), or, at OCONUS locations, in accordance with status of forces agreements and other theater regulations.

1.6.7.7 Access to Government Information Systems: All Contractor employees and subcontractor employees performing services under this contract will not require access to government networks.

1.6.7.8 Key Control: The Contractor shall establish and implement methods of making sure all keys/key cards issued to the Contractor by the Government are not lost or misplaced and are not used by unauthorized persons. NOTE: All references to keys include key cards. Contractor shall not duplicate keys provided by the Government. The Contractor shall develop procedures covering key control that shall be included in the Quality Control Plan. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas.

1.6.7.8.1 The Contractor shall report any occurrences of lost or duplicate keys/key cards to the KO and the COR (and physical property manager, if applicable) within two (2) hours or the next business day if after hours and to request key or lock(s) replacement. This notification and request for key(s) and lock replacement shall be submitted in writing. The total cost of the replacement may be at the Contractor's expense.

1.6.7.8.2. Only authorized Contractor personnel shall use Government issued key(s) and/or key card(s). Contractor personnel shall follow security access requirements when entering secure areas. Contractor shall receive appropriate security clearance approval to allow visitor(s) access in secure areas.

1.6.7.9 Lock Combinations: The Contractor will not be issued any lock combinations.

1.6.8 Post Award Conference/Contract Periodic Progress Meetings: The Contractor shall attend the post award conference convened by the contracting activity or contract administration office IAW Federal Acquisition Regulation (FAR) Subpart 42.5. The KO, COR, with other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the KO will apprise the contractor of how the government views the Contractor's performance and the Contractor will apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.9 Contracting Officer Representative (COR): The COR will be identified by a separate letter. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: ensure the Contractor performs the technical requirements of the contract; perform inspections necessary in connection with contract performance; maintain written and oral communications with the Contractor concerning technical aspects of the contract; issue written interpretations of technical requirements, including Government drawings, designs, specifications; monitor Contractor's performance and notifies both the KO and Contractor of any deficiencies; coordinate availability of government furnished property; and provide site entry of Contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the Contractor, states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order.

1.6.10 Key Personnel: The following contractor personnel are considered key personnel by the government: The Contractor shall provide a contract manager who shall be responsible for the performance of the work. The name of this person and an alternate, who shall act for the Contractor when the manager is absent, shall be designated in writing to the Contracting Officer prior to start of contract performance. The Contract Manager and alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract. The Contract Manager or alternate shall be available between 0730-1700 Monday through Friday.

Qualifications for all key personnel are listed below: Contract Manager

- a) **Contract Manager and Alternate Contract Manager:** The CV provided by the Contract Manager and Alternate Contract Manager must demonstrate a minimum of 5 years' experience within the past 10, working as a technician manager. The Contract Manager and Alternate Contract Manager shall be able read and write at English language fluency level.

1.6.11 Special Qualifications or Certifications: Reserved.

1.6.11.1 IA/IT Training Certification: Reserved.

1.6.12 Identification of Contractor Employees: Contractor employees shall identify themselves as Contractor personnel and shall avoid representing themselves as Government employees. This identification includes meeting attendance, answering Government telephones, email communications, and working in other situations where Contractor status is not obvious. Contractor personnel identification shall be easily identifiable through the display of badges, name tags, lanyards, etc.

1.6.12.1 Badging of Contractor Employees: If required by the Government, contract personnel and all associated sub-contractors employees accessing U.S. facilities or activities, shall present a valid picture ID provided by the Government while accessing Government owned or contracted facilities and shall adhere to facility security policies and restrictions. If applicable, Government issued access badges will not be worn outside designated facility where visible to the general public. Contractor personnel shall return all U.S. Government issued identification to appropriate U.S. Government authorities within five (5) days of the end of their contractual duties.

1.6.12.2 Uniform: The Contractor shall wear appropriate attire for the work they will be performing.

1.6.13 Contractor Travel: Travel during the DAS repair/fix will not be required by the contractor.

1.6.14 Other Direct Costs (ODC): Reserved.

1.6.15 Data Rights: Reserved.

1.6.16. Non-Disclosure Requirements: Reserved.

1.6.16.1 Non-Disclosure Statements: Reserved.

1.6.16.2 Advertisement and Social Media: The Contractor shall NOT post information to public website or social media locations, personal or professional, that in any way disclose names, locations, hotel data, participants, discussions, pictures, etc. before, during or after the contract period of performance without the express consent of the Government. The use of propaganda violates DOD Commercial Use of Imagery Guidelines stated at (<http://www.defenseimagery.mil/products/DODimagery/commercialuse.html>). The Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any marketing tools to include its company website.

1.6.16.3 INFORMATION ASSURANCE: Reserved

1.6.17 Organizational Conflict of Interest (OCI) : Contractor and subcontractor personnel performing work under this contract may receive, have access to, or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent Organizational Conflict of Interests (OCI) as defined in FAR Subpart 9.5. The Contractor shall notify the KO immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the KO to avoid or mitigate any such OCI. The Contractor's mitigation plan will be determined to be acceptable solely at the discretion of the KO and in the event the KO unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the KO may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.6.18 Phase-in/Phase-Out (PIPO) Period: A phase-in / phase out period will not be utilized for this contract.

1.6.19 General Training Requirements:

1.6.19.1 Anti-Terrorism (AT) Level I Training: Not applicable.

1.6.19.2 OPSEC Awareness: Not applicable.

1.6.19.3 Information Assurance (IA) Training: Not applicable.

1.6.19.4 Information Assurance (IA)/Information Technology (IT) Training: Not applicable.

1.6.19.5 Threat Awareness Reporting Program (TARP Training): Not applicable

1.6.19.6 iWATCH Training: Not applicable

1.6.19.7 OPSEC Training: Not applicable

PART 2  
DEFINITIONS & ACRONYMS

2. **DEFINITIONS AND ACRONYMS:**

2.1. Definitions:

2.1.1. Contractor. The total contractor organization or a separate entity of it; such as an affiliate, division, or plant that performs its own purchasing.

2.1.2. Contracting officer (KO). A person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings.

2.1.3. Contracting Officer's Representative (COR). An individual designated and authorized in writing by the contracting officer to perform specific technical or administrative functions.

2.1.4. Defective Service. A service output that does not meet the standard of performance associated with the Performance Work Statement.

2.1.5. Deliverable. Anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

2.1.6. Key Personnel. Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the Key Personnel listed in the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.1.7. Performance Work Statement (PWS). A statement of work for performance-based acquisitions that describes the required results in clear, specific, and objective terms with measurable outcomes.

2.1.8. Physical Security. Protection of the perimeter area, government property, and assets that prevent the loss or damage of Government property.

2.1.9. Quality Assurance. The various functions, including inspection, performed by the government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

2.1.10. Quality Assurance Surveillance Plan (QASP). A plan describing how the agency will survey, observe, test, sample, evaluate and document the Contractor's performance in meeting critical performance standards identified in the contract.

2.1.11. Quality Control (QC). Tasks performed by the Contractor to improve the quality of the organization's output.

2.1.12. Shall. An imperative command: has a duty to or is required to. Denotes that a regulation must be followed unless the contracting officer has obtained a deviation.

2.1.13. Subcontractor. Any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

2.1.14. Work Day. The number of hours per day the Contractor provides services in accordance with the contract.

2.1.15. Work Week. Monday through Friday, unless specified otherwise.

PART 3  
GOVERNMENT FURNISHED PROPERTY AND SERVICES

**3.1 Government Furnished Property:** Ladders may be provided to the contractors if needed.

**3.2 Emergency and Rescue**

3.2.1 The Government will furnish emergency medical and rescue services to prevent loss of life, limb, or undue suffering within the areas serviced by the applicable installation emergency services provider. The Government will seek reimbursement for medical services rendered, as appropriate.

3.2.2 The Government will provide installation fire services to include firefighting, fire prevention inspections and investigations; Installation security services; confined space rescue; and Hazardous Material (HAZMAT) first response.

**3.3 Telecommunications/Utilities**

3.3.1 The Government will furnish appropriate amounts of heat, heating fuels, gas, electricity, sewage, and water utilities, as currently installed in GFF, for use under this contract. All facilities do not receive the same utility services. The contractor shall not change or modify any Government provided utility systems or components or install any CFE components or system without prior KO or designated representative written approval as coordinated through the DPW.

3.3.2 The Government will not provide limited access to the existing Local Area Network (LAN) to include electronic mail (e-mail).

3.3.3 Radio frequency assignments and authorization will be controlled and furnished by the Government. The contractor will not operate any radio (*e.g. FMS/GMRS [Family Radio Service / General Mobile Radio Service] typically commercially available with frequencies in the 450-470 MHz band and less than 50 watts*) on the installation without proper authorization.

**3.4 Government Owned Vehicles** – Vehicles will not be furnished for the performance of this contract.

**3.5 GFE Tools, Hand Tools, Equipment; Test, Measurement and Diagnostic Equipment (TDME) Calibration Services** Not applicable

**3.6 Government Furnished Facilities and Real Property:**

3.6.1 The Government will provide parking areas for privately owned vehicles (POV). Contractor personnel shall comply with all local regulations and directives concerning POV traffic and parking.

# PERFORMANCE WORK STATEMENT (PWS)

Version 1  
August 2021

## PART 4 CONTRACTOR FURNISHED FACILITIES AND EQUIPMENT

**4.1 Contractor Furnished Facilities and Equipment – General:** The contractor is responsible for the tools, equipment, and materials to perform the DAS repair(s). The contractor shall be responsible for replacement items when non-functional components are encountered. This includes equipment for replacing or repairing cabling and connectors and testing equipment for signal strength.

**4.2 Materials and Equipment:** All equipment and material used to repair or replace the DAS is the responsibility of the contractor to provide.

## PART 5 SPECIFIC TASKS

5. **Specific Tasks:** The Contractor shall provide non-personal services to replace, repair, and test the DAS components as the result of the 2021 DAS Audit Report. This includes replacement of cabling and connectors and signal testing.

5.1 The Contractor shall prepare DAS Headend for Carrier Integration to include system calibration, optimization, addressing IDF Rooms and any other issues listed in the 2021 DAS Audit Report at the Weed Army Hospital in Ft. Irwin, CA.

5.1.1 All issues on the 2021 DAS Audit Report shall be addressed and corrected.

5.2 The Contractor shall replace all faulty hardware, cabling, connectors, and test all connections to ensure cell phone coverage for AT&T and Verizon throughout the facility (except the radiology area).

5.3 The Contractor shall use specialized equipment for testing cellular signals throughout the facility. Results of the signal tests shall be provided to the COR upon completion.

5.3.1 AT&T and Verizon phones shall have a minimum of three (3) bars service in the facility except for radiology.

5.3. The Contractor shall complete the repair work in three (3) to ten (10) business days between the hours of 0730-1700.

5.4. **Service Contract Reporting (SCR):** This contract is not eligible for service contract reporting.

# PERFORMANCE WORK STATEMENT (PWS)

Version 1

August 2021

## ATTACHMENT 1

### Performance Requirements Summary

The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The standard should relate to timeliness, quality, or quantity (metrics) of service required by the Contractor is stated in the PWS verbiage. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. **These thresholds are critical to mission success.**

Performance Objective	Standard	Performance Threshold	Incentive (Positive and/or Negative)
Para 5.1 Contractor shall prepare DAS Headend for Carrier Integration to Include System Calibration, Optimization, Dressing IDF Rooms and Addressing Issues Listed in the Provided DAS Audit Report at the Weed Army Hospital in Ft. Irwin, CA.	Contractor addresses all issues provided on the 2021 DAS Audit report	100% Compliance	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform the service
Para 5.3 The Contractor shall use specialized equipment for testing cellular signals throughout the facility.	Contractor uses specialized equipment to test cellular signal to validate no less than three (3) bars of service in the facility	100% compliance	Non-conforming services will result in non-conformance reports issued to Contractor and potential negative CPARS report.
