

## White Flyer Clay Targets

-Targets must be in compliance with International Shooting Sport Federation (ISSF) rules number 6.3.7 for Shotgun events.

Color: Orange top

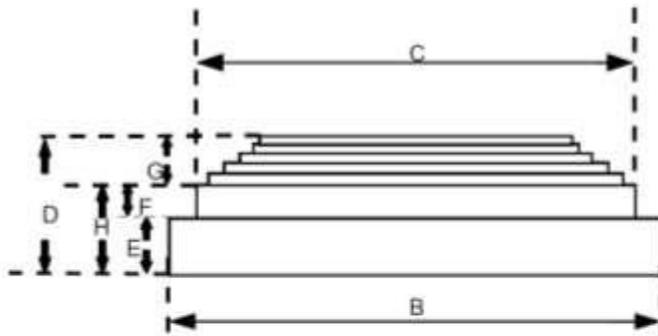

Type: Non-biodegradable

## White Flyer Clay Targets

-Targets must be in compliance with International Shooting Sport Federation (ISSF) rules number 6.3.7 for Shotgun events.

Color: Orange top

Type: Non-biodegradable (New)

A-Weight	105 g ± 5 g	E-Base Height	14 mm ± 1 mm
B-Base Ø	110 mm ± 1 mm	F-Rotating Ring Height	7 mm ± 1 mm
C-Rotating Ring Ø	95 mm – 98 mm	G-Dome Height*	8 mm ± 1 mm
D-Total Height	25 mm – 26 mm	H-Base & Ring Height	18 mm ± 1 mm

\*G\* - The actual shape of the target dome is to be engineered to provide the best aerodynamic design and flight stability.

\*Breakability\* – Targets must be capable of withstanding the force of the trap to be thrown to a distance of 80 m and to be easily breakable when hit with normal ISSF Skeet and Trap cartridges within normal shooting distances.
